Standard Duty Deadlatch
For Aluminum Stile Doors

4510 Series
ANSI/BHMA Type E823 [Grade1]

△ Cylinder Backset
7/8", 31/32", 1-1/8" or 1-1/2" only.

△ Case
Steel with corrosion-resistant plating. 1" x 5-13/16" x depth. (Depth varies by backset. See table on back page.)

△ Function
Flexibility of traffic control during and after business hours is offered by 4510 Series Deadlatches. A reverse turn of the key while bolt is held retracted retains the bolt, to allow two-way traffic for hospitals, banks, stores and other buildings which require free entrance at certain times and exit-only at other times. Interchangeable, without stile modification, with any MS1850A or MS1850S deadbolt of same backset and faceplate shape. (They do not, however, provide the same maximum security level as the MS® Deadbolt.)

△ Latch Bolt
1/2" x 1" x 1/2" throw. All metal with hardened steel internal pins. Handing is reversible without special tools.

△ Auxiliary Bolt
All metal. Deadlocks latch bolt to prevent "fooling" or case-knife entry.

△ Strikes
Standard strike furnished is 4902-01 for flat jamb where door closes flush or nearly flush. Also available: radius strike for opposite stile in paired doors; longer strike (4901) to cover slot strike of MS® lock; long lip strikes for centerhung doors. (See page SW-30 and Electric Strike section.)

△ Operation
Turn key or operate handle to retract spring-loaded latch bolt. To hold bolt retracted, push it in and secure by reverse turn of key (see back page). Uses any standard mortise cylinder with MS® cam (see page SW-37).

**INSTALLATION**

**Stile Preparation**

Identical to MS1850A Series

(See also prep for 4590 Paddle)

**Latch, Paddle & Cylinder Installation**

**Bolt Holdback**

A reverse turn of the key (while bolt is held fully retracted) retains the bolt, allowing the door to be free swinging.

**OPTIONS**

Backset, Faceplate Shape, Finish, Strike and Handing must be specified when ordering. For Handles, see page SW-31, 32 and 33. For Paddles, see page SW-34 & SW-35.

**STANDARD PACKAGE**

Individually boxed with strike and machine screws for mounting. Cylinders, paddle or handle available at extra cost. Shipping weight: 1-1/4 lbs. Also available in a 25 unit pack for volume users.

**HOW TO ORDER**

Specify quantity and the following information.

Order related hardware separately.

**Faceplate Shape**

- 0: Flat
- 1: Radius
- 1W: Radius w/Weatherstrip
- 2: Bevel

**Backset**

- 1/8”
- 31/32”
- 1-1/8”
- 1-1/2”

**Handing**

- 5: LH or RHR
- 6: RH or LHR

**4511-36-201-628**

**Strike Size**

- 1: 4.63” [4901]“
- 2: 2.63” [4902]”

**Strike Shape/ Lip Length**

- 01: Flat/Standard Jamb
- 02: Radius/Standard Jamb
- 21: Flat/Centrehung 3/4” Jamb
- 22: Flat/Centrehung 1 1/2” Jamb
- XX: Other Lip lengths

**Faceplate Finish**

- 628: Clear Anodized
- 313: Dark Bronze Anodized
- 335: Black Anodized

For other available finishes, contact factory.
